Introduction

Welcome to the UQ School of Dentistry!

Congratulations on gaining entry into the **Bachelor of Dental Science (Honours)** program at The University of Queensland. We look forward to meeting you in 2025!

Dentistry is a challenging and rewarding profession that is responsible for providing necessary oral health services to individuals and the wider community. Good oral health is integral to good general health; which is why dentistry is recognised as a primary healthcare profession.

Undertaking the BSc(Hons) will give you the knowledge, skills and attributes for an exciting career in the oral health industry. We prepare you to be well sought after by employers and our extended clinical placements prepare you to be job-ready when you graduate. You will learn the science and application for the prevention, diagnosis and treatment of oral diseases and abnormalities, while having access to the most up-to-date technologies and cutting-edge dentistry research.

Preclinical experiences for BSc(Hons) students will start at the UQ Oral Health Centre in the first year of study. This initial clinical experience will be through peer clinics and simulation work, continuing into year two. Clinical work will begin in the middle of second year and increase in the third and fourth year of the program, giving you experiences encompassing general practice dentistry, orthodontics, paediatric dentistry, periodontics and prosthodontics, as well as oral medicine and oral surgery. In your final year, you will complete two clinical placements, one of which will be outside the Oral Health Centre, to give you the hands-on skills and knowledge for a rewarding career.

This **Pre-Commencement Guide** provides you with a list of the requirements which you must complete, as well as background information on why these tasks are necessary and how to complete each task. You should allow yourself plenty of time to read what is required and familiarise yourself with each task

There is a lot to do, so start immediately!

Failure to complete all pre-commencement requirements by the deadline will **disqualify you from attending clinical activities** and will significantly impact your ability to complete your program.

The School of Dentistry welcomes its new students for 2025. We hope you will enjoy your studies and learning experiences with your fellow students during your program.

Pre-Commencement Checklist for School of Dentistry

Below is a checklist to assist you to complete your pre-commencement requirements. Please also see the [Getting Started at UQ](#) website for helpful information about commencing at UQ.

We recommend that you **prioritise completion of your Immunisation Record**, which is required to allow you to participate in clinical activities. Failure to provide the record will result in you being **removed from clinical activities and will significantly impact your ability to complete your program**.

1. Student Immunisation Record (please see information on page 13)

- I have obtained my past immunisation record & visited a Registered Medical Practitioner to review my immunisation status
- I have been vaccinated according to the UQ [Vaccinations and Immunisations Guideline](#)
- My Registered Medical Practitioner has completed the [School of Dentistry Student Immunisation Record](#), including signature and date. (Please see [UQ Healthcare St Lucia](#) for details regarding the vaccinations and health service offered by UQ Healthcare at the St Lucia campus).
- Upon receipt of the Student Immunisation Evidence Request email, I will submit my completed Immunisation Record via the provided link. (Please note, the Immunisation Records Team will contact you via the my.UQ portal if further follow-up on your immunisation status is required).

2. Enrolling in courses

- I have enrolled in all courses for Semester 1 and 2, 2025 via [mySI-net](#).

3. Applications for credit transfer for previous studies

- If I am seeking credit transfer for previous studies, I have referred to the [credit and exemptions for previous study page](#) (or the [my.UQ website](#) if you completed your previous study at UQ) and have followed the process outlined.

4. Academic Integrity and Plagiarism

- I have read and completed the [online](#) module on academic integrity and plagiarism

5. Purchasing instruments and equipment

- I have reviewed the instrument and equipment list ([Appendix 1](#)) and have purchased the required equipment.

BDS(c(Hons) Orientation Week

Date: Monday, 17 February – Friday, 21 February 2025

Time: 9am – 4.30pm

Where: UQ Oral Health Centre Auditorium (0883-4401)

Level 4, UQ Oral Health Centre

288 Herston Road

Herston, Brisbane

Location details for Orientation Week activities will be advised on the first day of Orientation. It is compulsory for students to attend classes on-campus at Herston and to also attend orientation.

Other orientation activities at St Lucia campus (see [UQ website](#)) will be held during Orientation Week (**17-21 February**) and students are encouraged to attend these to familiarise themselves with the St Lucia campus. Faculty orientation for all new students will be held **on Friday 21 February** at St Lucia campus.

“Get-To-Know You” activities for new dental students are also being planned during Orientation Week at the UQ Oral Health Centre and will be advised at the BDS(c(Hons) orientation session.

Commencement Date

The academic year for BDS(c(Hons) Year 1 students will commence on **Monday, 24 February 2025**. First year students must commence the program on this date unless prior approval has been granted by the Head of School.

There are many resources available to help you get started as a UQ Student. You are encouraged to visit the [Starting at UQ](#) website which contains a personalised, step-by-step guide to enrolling, paying fees, obtaining a student ID card, as well as other useful resources.

School of Dentistry Peer Mentoring program

The [Dentistry Peer Mentoring Program](#) is a semester-long program that ensures your transition into UQ Dentistry is enjoyable. The Program was created as a Student-Staff Partnership Project, to provide a connection and support tool to help new Dentistry students navigate through their first few weeks in the program.

Dentistry Peer Mentors are volunteer senior students who, like you, were once new Dentistry students. They have now successfully settled into life in Brisbane and progressed to the later years of the degree program.

In Orientation Week, our mentors will introduce themselves to you and your peer group, show you around campus, and help you feel prepared to start semester. During Semester 1, they will organise regular catchups and share their own tips and university experiences, from how to best prepare for your first assessment to where to find the best coffee!

If you would like to get connected to the UQ Dentistry community, [join today](#).

Enrolment

The due date for enrolment for all BSc(Hons) **domestic** students is **Friday 31 January 2025**. The due date for enrolment for all BSc(Hons) **international** students is **Friday, 21 February 2025**. Students should ensure that they are enrolled by this date through [mySI-net](#). The BSc(Hons) program has set compulsory courses and there are no electives.

Late fees may apply for enrolment submitted after the [University's due dates](#).

* Please note, if you decide not to continue with the BSc(Hons) program for any reason, please notify the Student & Academic Services (SAS) team via dentistry@enquire.uq.edu.au

BSc(Hons) Year 1 Course List

At UQ, each individual subject that you need to enrol in is called a Course. Below are the courses that you will need to enrol in Semesters 1 and 2 for the first year of the BSc(Hons) program.

FIRST SEMESTER			SECOND SEMESTER		
CODE	COURSE	Units	CODE	COURSE	Units
BIOM1051	Introductory Cellular Physiology	2	BIOM1052	Integrated Anatomy and Physiology	2
DENT1020	Dental Science I	4	CHEM1222	Chemistry for Pharmacy and Dentistry	2
DENT1060	Dental Practice IA	2	DENT1061	Dental Practice IB	2
			HLTH1000	Professions, People and Health Care	2
TOTAL UNITS		#16			

Please note: Students must enrol in Semesters 1 and 2 by the enrolment due dates listed above.

As only Internal delivery is offered for your dentistry courses, all students must arrive in Brisbane by the specified dates and attend on-campus classes, which will enable them to complete the practical component of the courses required for progression to Year 2.

Students will **not** be permitted to progress to Year 2 courses without completing or gaining credit for **all** compulsory courses in Year 1.

[Full BSc\(Hons\) Course List](#)

Course Information & Blackboard

Information about course requirements including assessment and textbook lists can be found in the [Electronic Course Profiles](#) (ECPs). ECPs are published one week prior to the commencement of semester. A link to the ECP is also available on the Blackboard site for each course. [Blackboard](#) is the University's learning management system and, like the ECPs, Blackboard sites are published one week prior to the start of semester. It will not be possible to access Blackboard until you have enrolled in your courses.

To access Blackboard, please go to learn.uq.edu.au and login with your student username and password. You should see the 'Bachelor of Dental Sciences 2025' page listed under 'My Organisations' and course pages listed under 'My Courses'. You can find the School Handbook, attendance policy, academic calendar, course coordinator list, forms etc. in the 'Bachelor of Dental Sciences 2025' Blackboard page, and Student & Academic Services will post regular announcements and reminders there.

Course Contact Hours

All course descriptions will show the number of contact hours which indicate the amount of time students will spend in each class.

Class contact hours are abbreviated with a combination of letters and numbers:

- Numbers represent the amount of time; and
- Letters represent the type of class.

For example: '2L3P1T' means: two hours (2) of lectures (L), three hours (3) of practical/laboratory work (P) and one hour (1) of tutorial class (T) each week.

Other letters you may encounter in contact hours include:

PAS - Peer Assisted Study Session

CBL – Case-based learning

CCO – Clinical coaching

CON - General contact hours (e.g. group learning)

LEC - Lecture

PBL – Problem-based learning

PLA - Placement

PRA - Practical (e.g. a laboratory or project work)

SMR - Seminar

TUT - Tutorial

WKS- Workshop

Timetables

You will be able to view your timetable at the start of semester via My Timetable via your [my.UQ](#) Dashboard. The [Planning your class timetable link](#) on the my.UQ website provides some useful information about how to access your timetable. Students will be required to preference all classes. DENT1020, DENT1060 and DENT1061 classes will be held at the UQ Oral Health Centre while classes for all other first year courses will be held at St Lucia campus.

Please note the following for Semester 1:

- You must be enrolled to enable [preferencing of classes](#).
- My Timetable **opens** for Semester 1 preferencing at **12pm Monday, 13 January 2025** (you can find the 2025 Academic Calendar with important dates [here](#)).
- Use the [Public Timetable](#) to see class times and venues. The Public Timetable is a tool for viewing class schedules only. You are not guaranteed a spot in any class until you officially enrol and complete class allocation.
- Until you have allocated to a particular class, **all** class offerings in a course may appear in your timetable - you are **not** required to attend every class offering shown. Please read the Electronic Course Profiles (ECPs) carefully to identify the number of contact hours (e.g. 2L3P1T see above) required for each course and class preferencing as required.
- Your timetable in My Timetable will adjust automatically once you have been allocated to classes.
- DENT1060 group preferencing will be required for clinical based learning (PBL) classes only. However, please note that these classes involve group rotation within the same timeslot and no other times/options are offered.
- Please also note that the DENT1060 course coordinator may change group allocation to ensure student groups are even and balanced for teaching purposes. Further information will be available from the course coordinator when classes commence.
- **Where possible, try to select BIOM1051 classes which do not clash with DENT1020 and DENT1060 classes.**
- My Timetable for Semester 1 preferencing **closes** on **9am Tuesday, 28 January 2025**.
- Further information regarding classes will be available in course Blackboard sites.

If travelling between campuses, a regular bus service ([UQ/QUT/RBWH Route No. 66](#)) is available which loops between the UQ St Lucia campus, the City, QUT (Kelvin Grove) and UQ Oral Health Centre (**Herston** bus stop). The journey to the Oral Health Centre takes approx. 35-40 minutes.

Academic Calendar and School Attendance Guideline

- It is important that you make travel plans that allow you to arrive in Brisbane in advance of each teaching semester as late arrival or absences will be recorded as per the School Attendance Guidelines. Please refer to the Attendance Guideline in the BSc(Hons) & DMD Student Handbook and on the Bachelor of Dental Sciences 2025 Organisation Blackboard pages.
- You should also be aware of the supplementary/deferred examination period dates for each semester. If you are eligible for a supplementary or deferred assessment, you must be available during these periods to sit the exam (see [UQ Academic Calendar](#)).

Application for Credit for Previous Studies

Students who wish to apply for [credit for previous studies](#) must complete and submit the appropriate online [application form](#) with all required documentation by the due date. Domestic student applications should be submitted as soon as all relevant documentation can be provided and by the enrolment closing date for the semester in which the award of credit may affect your program of study. International students must submit the application no later than the first week of the semester in which the award of credit may affect your program of study. Further information can be found on the [my.UQ](#) page. You may also wish to refer to the [Credit Precedents Database](#), which can help you determine your eligibility for credit by looking at the precedents established for courses previously assessed for credit by UQ.

Students seeking credit should enrol in all courses in the event that their application is not approved, particularly if their previous studies have not been completed at UQ.

All credit applications, along with the appropriate documentation, must be lodged via the [online application form](#).

Please note that processing of all credit applications is undertaken by the Faculty of Health, Medicine, and Behavioural Sciences and will take approximately 6-8 weeks to be completed due to the large number of applications received by Faculty across all School programs. As such, applications with all supporting documentation should be submitted as early as possible to ensure outcomes are known before [census date](#).

Locker Keys

Lockers are provided for all BSc(Hons) students on Level 3 of the Oral Health Centre. Locker keys will be allocated and provided to students in Week 3 of Semester 1 following finalisation of student enrolment in Year 1. Please note that if a locker key is lost, a payment of \$50 will be required to replace the key.

Student ID Cards

It is recommended that [student ID cards](#) be obtained well before the start of semester as wait times can be long, especially during orientation.

Before requesting an ID card

- Complete any outstanding tasks on mySI-net.
- Enrol in at least one course for the current semester on mySI-net.
- Check your graduation date is correct in mySI-net.
- Wait 48 hours for any changes to update.

Request a student ID card

- Choose a photo that meets the requirements then request an ID card through the online form.
- You will be asked to upload a government-issued document, such as your passport, to confirm your identity.
- You will be sent a confirmation email to pick up your ID card when your request is approved.
- You will need to pick up your ID card or organise for someone else to do it on your behalf.

More details are available on the [Student ID card](#) website.

Student Access Plan (SAP)

The University of Queensland provides [free support, services and facilities](#) for students with a disability, illness, injury or mental health condition at UQ. A student adviser will help you evaluate your academic access requirements, develop a [Student Access Plan](#) with you, and organise the appropriate arrangements.

Any student who may require alternative academic arrangements in the program is encouraged to seek advice at the commencement of the semester from a Student Advisor at Student Support Services. The UQ Health Care service can also arrange appropriate advice and assistance on personal and public health issues.

Compliance Requirements – Year 1

Student Immunisation Record

All Year 1 BDS(c(Hons)) students are required to provide their Immunisation Record before commencing. You will receive emails from the HABS Placement Ready Team with important information about your compliance requirements.

You will need to take the [Student Immunisation Record Form B: Dentistry, Doctor of Medicine, Midwifery and Nursing Students](#) to your Registered Medical Practitioner for completion.

It can take time to complete your immunisation requirements, particularly if you need to complete a vaccination schedule involving multiple doses. We encourage you to **take action on this as a priority** to avoid any delay to your participation in clinical activities when you arrive on campus.

SUBMITTING YOUR IMMUNISATION RECORD:

Please ensure to begin completing the **Student Immunisation Record** and the **Tuberculosis Self-Assessment Form** immediately to ensure that you have sufficient time to receive all your required vaccinations, as this can take 3 – 6mths if you are missing any doses or need more testing. Please do not submit your **Student Immunisation Record** or **Tuberculosis Self – Assessment Form** until you receive submission requests via email from my.UQ as this will have the correct link to upload these documents, so aim to have these documents completed and ready before this email is received.

- Before you are due to commence your program, you will receive an email via your [UQ student email account](#) requesting proof of your immunisation and/or screening statuses (**Student Immunisation Evidence Request**).
- Once you have followed the steps to get your immunisation/screening evidence, the **Complete and action** button in these emails will take you to the **Student Immunisation Evidence Request** task in [my.UQ](#), where you will be prompted to upload your evidence. You will also be able to access the upload link under 'Notifications' on your my.UQ dashboard.
- The [Immunisation Records Team \(IRT\)](#) will assess and verify your documents. If anything is outstanding, you will receive automatic notifications and can view the requirements in the email sent to you or in [my.UQ](#).

[Please speak to your faculty](#), advisor or school if you have questions about this process.

The most up to date information on immunisation requirements can always be found [here](#).

Please see [UQ Healthcare St Lucia](#) for details regarding the vaccinations and health service offered by UQ Healthcare at the St Lucia campus.

Students who do not provide a complete immunisation record will NOT be permitted to enter clinical facilities which will have a serious impact on your ability to pass your courses.

Domestic BDS(c(Hons)) students will receive a copy of the Immunisation Guidelines and the UQ Immunisation Record form with their QTAC offer letter which must be taken to their doctor for completion. International BDS(c(Hons)) students who have been offered a place in the BDS(c(Hons)) program will also receive information and the UQ Immunisation Record form for completion.

Compliance Requirements – Years 2–5

From year three you will be requested to provide additional mandatory documentation. For the most up to date list of requirements please check the [Faculty's placement ready website](#).

You will also be required to maintain an up-to-date immunisation status throughout the program and will be contacted by the HABS Placement Ready Team to prompt you if you are due to renew certain vaccinations.

If you have any questions about compliance requirements, please contact the Placements Ready Team habs.placementready@uq.edu.au.

OHA Professional Dress Code

All students are to present a professional image regardless of their role. Dress standards should be appropriate to the functions being performed, health and safety and cultural diversity

- follow the Code of Conduct and Student Charter issued by UQ and ensure they behave and dress in an appropriate manner at all times.
- maintain the highest standards of personal hygiene, cleanliness, and grooming.
- read and understand the OHA Professional Dress Code guidelines.
- maintain the standards of the OHA Professional Dress Code when working in, or passing through, any clinical or preclinical area in the Oral Health Centre and when on placement at external clinics.

Students should be aware that the wearing of a standardised uniform is compulsory. Standardised uniforms enable easy identification of legitimate students in a clinical setting, promote a professional image and work to promote infection control standards. This policy is in line with public health settings and other UQ school guidelines. Students will be able to purchase necessary items outlined in the below policy at [School Locker](#) at OHC.

The full OHA Professional Dress Code guidelines can be found in the BDSc(Hons) & DMD Student Handbook and on the Bachelor of Dental Sciences 2025 Organisation Blackboard pages.

Health Safety and Wellness

Under the Work Health & Safety Act 2011, all students will be required to complete an online Lab Safety Induction Module and complete a competency assessment. You will be able to complete this module once you commence your studies in DENT1060. There will be a link to this module in the DENT1060 Blackboard site.

Instruments and Equipment

BDS Sc(Hons) students at The University of Queensland are required to purchase their dental instruments **directly from a reputable supplier**. To assist you with this, a list of compulsory equipment and instruments has been compiled in [Appendix 1](#).

Please also see the School's Loupes Use Guideline in the BDS Sc(Hons) & DMD Student Handbook and on the [Bachelor of Dental Sciences 2025 Organisation Blackboard pages](#).

Academic Integrity and Plagiarism

Academic integrity is a core value of UQ and for this reason UQ has developed compulsory online modules. These modules help to explain the University's expectations in relation to academic integrity, to ensure that you do not engage in practices that involve plagiarism and academic misconduct.

The modules are available [online](#) and a link to the modules will be displayed when you log into mySI-net.

BDS Sc(Hons) Final Year Clinical Placements

The BDS Sc(Hons) program includes an extended academic year of clinical practice in final year. During the year, students will undertake clinical placements throughout Queensland. Students are advised that they may incur travel and accommodation costs associated with the clinical placements during this final year.

UQ Library

The [UQ Library](#) provides resources and services to support teaching, learning and research needs of UQ staff and students. The [Herston Health Sciences Library](#) is located on Level 6, Block 6 (Clinical Skills Development Service), Royal Brisbane and Women's Hospital (RBWH), Herston and is also available online.

Digital Essentials Online Modules

Students are strongly encouraged to make use of the '[Digital Essentials](#)' online modules designed to assist in building digital study skills.

UQ Dental Students' Association (UQDSA)

The [University of Queensland Dental Students' Association](#) (UQDSA) is the student representative body for those enrolled in the Bachelor of Dental Science (Honours) program at UQ.

UQDSA wishes to congratulate and welcome you to the start of a life-long journey into dentistry. For your comparatively brief time as a student, UQDSA is here to foster a sense of community and enrich your student experience. Throughout the year, there are a range of events and programs designed to provide members with academic, social and sporting opportunities.

Services available:

- First Aid and CPR training courses
- Academic seminars by leading practitioners
- Dental equipment and service tradeshow
- Domestic and international volunteering opportunities with external providers
- Connections with wider dental world, including Finance, Dental Specialist Societies and Insurance
- Much more!

Membership benefits:

- Food discounts at local business outlets
- Subsidised protective equipment
- Exclusive social event ticket prices
- Tangka magazine deals (annual school magazine)
- Much more!

One-time membership fees are AUD\$100. Membership is valid for the duration you are enrolled at UQ Dentistry (undergraduate or postgraduate studies).

Find out more about how UQDSA can enhance your student life by speaking with us during Orientation Week. Otherwise, reach out via our social media (<https://www.facebook.com/uqdsa>) or email (secretary@uqdsa.org.au).

Australian Dental Students' Association (ADSA)

ADSA is the national student representative body for all dental students. Membership to ADSA is free and automatic. Collect your membership card during Orientation Week.

Appendix 1 – Instrument & Equipment List

BDS(c(Hons)) students at The University of Queensland are required to purchase their dental instruments **directly from a reputable supplier of their choice**. To assist you with this, a list of compulsory equipment and instruments has been provided, as well as responses to Frequently Asked Questions. Also included is a flyer with ordering instructions should you choose to purchase your kit from One Dental, a reputable supplier who can supply everything you need and deliver to the school.

You **MUST** use One Dental to purchase the UQ MQD Adult Model, Dentaprac Block UQ Design, and the Sectional Endodontic Model (SEM) MQD as they are the sole distributor of these items. Students are free to choose any reputable supplier for the rest of the items on the list.

Important Note: The transaction is between the student and the supplier, and the instruments remain the property of the student. The School of Dentistry takes no responsibility for purchasing decisions made by the student. Students are responsible for the continued maintenance of the instruments and must keep all instruments in good working order. In addition, if you purchase an instrument kit and then decide not to accept your offer in the BDS(c(Hons)) program for any reason, or should you withdraw from the program at a later date, the School cannot assist in the sale or refund of your kit. Any such transactions that may occur between students is a student-only matter and does not involve the School.

Please also note that in some instances it can take up to 4 weeks for instruments and equipment to be delivered from suppliers, so we recommend that you make your purchase as early as possible.

You are required to purchase a lab coat (included in the One Dental kit), protective eyewear and fully enclosed shoes. You will be provided with further details about this in orientation week – see the FAQs page for more information.

If you have further questions about equipment, please email: dentistry@enquire.uq.edu.au.

A family owned Australian business

Equipment: Frequently Asked Questions

How do I decide which supplier to use?

You **MUST** use One Dental to purchase the UQ MQD Adult Model, the Dentaprac Block UQ Design, and the Sectional Endodontic Model (SED) MQD as they are the sole distributor of these items.

For the rest of the items listed, it is your decision as to which supplier you choose to use. The School recommends One Dental for reliable one-stop shopping for quality instruments. Students who place their orders with One Dental by the due date listed on the flyer will be able to collect their orders at the Oral Health Centre during the first week of pre-clinical classes. The details of this handout will be announced at a later date.

Can I use equipment from other suppliers or that I already own?

If you would like to use equipment from another supplier, please ensure you provide them with the links provided in the instrument list so they are able to ensure the correct specifications for each instrument. If you would like to use equipment that you or someone else you know already owns, it is best to contact us and provide either a link to the manufacturer's product or a photo of the equipment you have so that we can confirm whether this equipment is compatible. In particular, please note that the UQ Adult Model, Dentaprac Block, and Sectional Endodontic Model are specifically made to fit into the fixtures in the School's simulation labs, so it's important that these are purchased from One Dental.

What if I buy the equipment and then decide not to continue with the program?

You may wish to arrange for another student to buy your equipment from you. If this is the case, please arrange this between you and the student as the School cannot assist in the sale or refund of your kit.

When do I need to order the equipment by?

There is an order due date listed on the One Dental flyer. However, if you receive a late offer and/or have missed the deadline, please still order your equipment as soon as possible so that your order can be delivered as soon as the supplier can arrange.

What happens if I don't get my equipment before the start of classes?

During the first couple of weeks of pre-clinical sessions, minimal equipment is required, and loan equipment may be available to you until you receive your own equipment. It's still important to order your equipment as soon as possible, but you will not be disadvantaged if your order arrives a couple of weeks later than other students.

Do I need a lab coat?

A lab coat is necessary for the start of classes. If you order your kit through One Dental, a lab coat is included free of charge. If you wish to source your lab coat from another supplier, the on-campus supplies store, School Locker (<https://theschoollocker.com.au/universities/university-of-queensland/medical>) has lab coats for sale (either online or in the store at the Herston Campus).

Do I need protective eyewear?

From Week 2 onwards, everyone is required to wear protective eyewear for attendance at the compulsory clinic and pre-clinic sessions. If you normally wear prescription glasses, the protective eyewear is worn **in addition** to (i.e. over the top of) your prescription eyewear.

Details for purchase of protective eyewear will be provided to you during Orientation Week – *School Locker* stocks these in addition to lab coats. The cost of normal non-prescription protective eyewear is approximately AU\$25.

If you have further questions about equipment, please email dentistry@enquire.uq.edu.au
